IN YOUR GARDEN

As the soil warms up spring bulbs and plants begin to flower and sprout their fresh new spring growth. It's time to get stuck in and plant all your favourite spring/summer flowers and get your vegetable garden underway.

Plant your favourite seedlings of spring and summer flowering annuals including Petunia, Alyssum, Snap Dragon, Begonia and Lobelia.

Flower Garden

Plant new Perennials like Petunia, Federation Daisies, Impatiens, Geraniums. Take care with tender plants in cold districts and wait until the danger of frosts are over.

Feed roses, trees, shrubs and flower beds then mulch with Tui Mulch & Feed.

Now is the time to plant easy care, sure to grow Dahlia tubers and Gladioli corms for summer display.

Complete pruning of Hydrangea and Roses. Prune deciduous trees straight after flowering.

To protect roses new growth from pests and diseases, spray regularly with a certified organic liquid fertiliser

Repot and feed houseplants with a certified organic liquid fertiliser.

Around The House

Plant hanging baskets and terracotta pots up for a bright and cheery summer display.

We've been helping kiwi's grow great gardens since our humble beginnings in 1912. Still proudly New Zealand owned by locals in your community, Palmers is the place to be for all things gardening.

IN YOUR GARDEN

Edible Garden

Spuds for Christmas!

Place your seed potatoes on a tray in a sunny position for at least a month before planting. When the sprouts on the seed potatoes are 2 to 4cm long, plant out in the garden in a large plastic pot, or in a planter in a warm and sheltered position.

Prune Passionfruit vines by removing some of last seasons excessive growth remembering that they fruit on last year's growth.

Complete your vegetable garden prep by digging in plenty of quality compost.

Plant Strawberries, Blueberries, Brambles and Rhubarb for delicious crumbles and pies.

Feed berry vines, citrus and fruit trees with Tui Performance Naturals Citrus and Fruit Fertiliser.

Protect seedlings from slugs and snails with Tui Quash.

Refresh your herb garden with new plants in your garden or pots.

Lawns

Now is the perfect time to sow new lawns. We have a great range of lawn seed from hardwearing for playground areas to easy care options.

Spray now for Onehunga weed and broadleaf weeds with Yates Weed 'n' Feed and be prickly free this summer.

In warmer districts early Tomato, Capsicum, Courgette, Cucumber, Pumpkin and Celery can be planted directly into your garden, use a protective cloche in cooler areas.

All our plants are of the highest quality, but if something fails to grow in your garden, we'll simply replace it for you - that's our Palmers Promise.
